OUR BEAUTIFUL STORY

Artistry usually begins with a Palette. Like a painter blends shades of colour, our masterroaster curates with the finest selected beans and like a composer with music notes, meticulously crafts and roasts to create a symphony of flavour.

Every one of our espresso blends is a 'work of art' and like all great art, it elicits more than the sum of its parts... it creates an elevated, sensorial experience.

Meaningful art has the purpose of changing perceptions, lives and inspires. This is why at Palette, proceeds from every cup go to arts and youth development programs in Africa as well as supporting and showcasing, talented artists inspired by our coffee experience from across the African continent. We believe in bringing in the rich, chic, sophisticated taste and talent of Africa to the world in all that we do.

Our pleasure is to leave you with a wondrous lasting impression, after the last sip has been savoured, as all enduring works of art always do.
